Hi Ted –

Can you arrange for a conference call on Monday morning? I'll try calling you when I get in on Monday; maybe around 8:30 a.m.

As I related in my previous message, I wanted to discuss the following:

-Section 106 coordination – Effects on Historic Resources Workshop – We were planning to have a ½ day workshop with the SHPD on December 17 to go over our rationale for our effects determination. SHPD has suggested that we invite the local National Park Service staff, as well as Regional Staff, National Trust for Historic Preservation and Historic Hawaii staff. Considering that this group includes some Federal personnel, we thought we should discuss this matter with you. Would you also like to participate by telephone?

Another matter was the issue regarding the Section 106-NEPA merger letter. Is FTA going to reissue this letter on your letterhead?

Finally, I wanted to discuss the issue regarding having the Oahu Island Burial Council and the Office of Hawaiian Affairs as signatories to the MOA. We had a discussion some time ago, and I thought the decision was to not have them as signatories, but I can't remember if I was to draft a letter for you to send back to these two groups.

-Kamehameha Schools Request for Extension to DEIS review period – Request is for a 75 day extension to make the DEIS review period 120 days. We do not want to extend the review period. I have attached the request for extension.

-Banana Patch – We are arranging a community meeting for the Banana Patch residents only; in order to comply with the requirement imposed by FTA to provide a venue in the Banana Patch for residents to provide their DEIS comments. We would like to discuss this meeting with you.

As you know, we are starting our public hearings tomorrow. As requested by Jim Barr, we will send FTA a set of the transcripts once they are completed.

Faith
